Anthony “Tony” Jackson currently serves as the Director of Prevention in the Division of Substance Abuse Services (DSAS), Office of Prevention and Early Intervention Services, at the TN Department of Mental Health & Substance Abuse Services. In this capacity, he oversees all prevention activities for DSAS, including the prevention portion of the Substance Abuse Prevention Treatment (SAPT) block grant and administration of prevention activities carried out through the State Opioid Response Grant (TN SOR). TN SOR prevention and SAPT block grant activities include supporting the tobacco, prescription drug and alcohol prevention activities of 46 Tennessee substance misuse prevention coalitions, providing opioid overdose training to key stakeholders throughout the state through the regional overdose prevention specialists, developing a multimodal training program for healthcare professionals on the assessment and treatment of opioid use disorders, ensuring access to naloxone in all the state’s high-risk areas and working to mitigate the circumstances related to opioid overdose outbreaks.

Tony is the Principal Investigator for the Partnerships for Success: Rx and Strategic Prevention Framework: Rx discretionary grants. His other roles and responsibilities include serving as the TN National Prevention Network representative, working as a member of the CBCAP Advisory Board of the Tennessee Young Child Wellness Council, serving on the Council on Children’s Mental Health, and working closely with the Statewide Epidemiological Outcomes Workgroup.

Tony joined the Tennessee state government in March 2010 as a SAMHSA Prevention Fellow in the Office of Prevention Services. During that time, his responsibilities included helping with the development of statewide prevention publications, maintaining and aiding in the development of the TN - WITS modules, which were used to collect client-level and aggregate level programmatic data, and building reports and analyzing data from the TN-WITS system.
