

Prevention Voices WA

Building an Advocacy Infrastructure

Need to Know

Yes No

Funding:

- Do you have substance use prevention grants in your state?
- Is Prevention funding siloed? Do different grant holders talk to each other and work together?

notes:

Communication:

- Do state agencies and/or the leads of those grants talk to each other?

notes:

Structures in place:

- What is the structure of your state government?
- Is there decisionmaker education built into the strategic plans of the substance use prevention grants?
- Do professionals have the knowledge to participate in the state legislative process? Do they need T.A.? Who can give that to them?

notes:

Partnerships:

- Are there community coalitions who have non-governmental community members in attendance?
- Do you have organizations working in your state to prevent substance use?

notes:

We offer technical assistance to any individual or group in Washington State working to implement policymaker engagement activities into their work.
