

**CADCA's Policy Statement on Vaccination Requirements for In- Person Training at
National Coalition Academy Sites
Updated March 14, 2022**

CADCA is committed to providing a safe, healthy, and memorable National Coalition Academy (NCA) training experience for all in attendance. We have been closely monitoring local, state, and federal guidelines related to gatherings during the ongoing pandemic and have consulted with our hotel locations to ensure extended protocols are in place on-site.

Specifically, out of an abundance of caution and safety, **CADCA requires all National Coalition Academy attendees be fully vaccinated AND up to date against COVID-19.** We consider people as fully vaccinated for COVID-19 in accordance with CDC guidelines:

- 2 weeks after their second dose in a 2-dose series, such as the Pfizer or Moderna vaccines, or
- 2 weeks after a single-dose vaccine, such as Johnson & Johnson's Janssen vaccine
- Received all recommended COVID-19 vaccines, including any booster dose(s) when eligible.

While on-site at NCA locations, attendees will be required to wear masks at all times, except when actively eating or drinking. We will be monitoring and considering local mask mandates in the immediate weeks preceding the academy. We will be asking attendees to conduct daily health screening self-assessments. More details will be sent on these and other health and safety precautions in the weeks leading up to your academy site.

While we respect the individual and alternative choices of coalition members, out of an abundance of caution, we are not deviating from our requirement that all attendees participating in the National Coalition Academy in-person have up to date vaccinations against COVID-19.

While certain coalitions may prefer participating in person, if DFC grant recipients are uncomfortable attending an in-person training at this time, a virtual option can be made available.
