Who is CADCA?

CADCA (Community Anti-Drug Coalition of America) is a non-profit organization representing adult and youth coalition leaders throughout the United States and internationally—all working to make their communities safe, healthy and drug-free. CADCA has built a network of more than 5,000 community anti-drug coalitions and brings together sectors of the community to solve their local substance abuse problems—schools, businesses, parents and youth, law enforcement, healthcare providers, faith-based organizations, and many more. Our model for community change represents a comprehensive, evidenced-based multi-sector approach to reduce underage and binge drinking, tobacco, illicit drugs and the abuse of medicines.

The Mid-Year Training Institute

CADCA’s Mid-Year Training Institute is a four-day event packed with opportunities to learn the latest strategies to fight substance abuse and hear from nationally-known prevention experts, federal administrators, and concerned policymakers. Mid-Year brings together over 2,000 participants representing coalitions from all regions of the country and internationally, government leaders, prevention specialists, addiction treatment professionals, addiction recovery advocates, researchers, education institutions, law enforcement professionals, youth, and faith-based leaders.
